THE "ROLL OF SERVICE" is an attempt to record the names of all those who, after a connexion of some sort or other with the University of Sheffield or its parent Colleges, have served their country in the present war either in the Army or in the Navy.

The Roll is divided into four sections. The first includes the names of Members of the Council, Members of the Teaching Staff (present or past), Graduates of the University, and men who have at any time been Day-students of the University or of University College. The second section is devoted to Evening-students and Mining-students of the Applied Science Faculty who have not been, in the strict sense, members of the University; the third to Laboratory-assistants; the fourth to men who without other connexion with the University have gained commissions in the army from the University O.T.C.

In spite of the help given him in many quarters, for which he returns his grateful thanks, the Editor knows that the Roll as now issued must contain many errors and omissions, and every month that passes will naturally increase the crop. He looks forward, however, to bringing out a revised edition in six months time, and will be grateful to all his readers who furnish corrections and additional information. These should be addressed to THE EDITOR OF "THE ROLL OF SERVICE," THE UNIVERSITY, SHEFFIELD.

Although it has been found expedient to limit the Roll at present to men serving in the Army and Navy, it is not forgotten that many members of the University are doing strenuous war-service of no less useful sort in munition works and in other situations. Many women-graduates and students are also undertaking special work for the country at this time. No "Roll of Service" can be considered complete which does not contain these names, and the Editor will be glad to receive information of such work in view of a record in the future.

JULY, 1915.

THE ROLL is now re-issued with additions. Mistakes have been corrected where they have been discovered, but many, no doubt, remain, and all information which will tend to make the lists more accurate will still be welcomed. It has not been found possible so far to bring out a list of men and women engaged in war-work of a more indirect character than that represented in this Roll.

JANUARY, 1916.

University of Sheffield.

ROLL OF SERVICE,

1914-15-16.

- † Member of the Council.
* Member of the Staff.
x Late Member of the Staff.
